INTRODUCTION

We are proud to present Piotr Bańka's Audience Add-Ons® Sound Library, which consists of homogeneous sound audience reaction sequences, recorded in selected acoustic environments (e.g. theatre, opera house, TV broadcasting studio etc.) during real comedy shows. The reactions of the audience involved in the event are full of genuine emotional content which is impossible to achieve during studio recording. And all this comes in surround!

Carefully selected, these realistic reactions in the hands of a skilled producer may raise the atmosphere and enliven any show! Unlike other sound libraries available on the market, The Audience Add-Ons® Sound Library offers unmatched sound homogeneity allowing for complete synchronizing with a given program.

To make it easier, all sound files are broken down by the type of effect: applause, laughter, ovation, cheers, and by the duration of relevant sound effects. To ensure use-friendly navigation through the recordings, they are divided into folders, which, combined with a detailed description, allows you to quickly find the most suitable effect for the desired video sequence. Wary of poor acoustics of the premises or unreceptive audience? – Worry no more! This audio library is an excellent remedy you have long been looking for!

The original sound material was recorded in surround in carefully selected venues of superior acoustic properties. During the post-production process all the reactions were carefully band-corrected and cleaned from any type of distortion. The dynamic range was gently narrowed giving the natural room perception. No emphasis was added. Stereo 2.0 version was down-mixed carefully to Left/Right Total for Pro Logic compatibility.

AUDIENCE ADD-ONS® COMEDY Live! - CONCERT HALL

This Sound Library comprises over 100 sound effects ranging from applause through standing ovation to laughter recorded in concert hall auditorium. All in 5.1* & 2.0

Concert hall auditorium – a spacious auditorium hall with natural and dark ambience; a wide shot and a relatively narrower surround effect. All reactions were recorded during a two hour performance shown to an audience of 320 viewers. A broad scope of the recorded material as well as its dynamic range meet the requirements of audio materials recorded for film and television. Since all effects are homogenous, they can be easily used in a sequence of audience reactions for post-production purposes. Best for all types of lively entertainment events.

TECHNICAL SPECIFICATION

	Surround Audio Files	Stereo Audio Files
Audiofile format	.wav	.wav
Channel configuration	5.0 [L, R, C, Ls, Rs] interleaved	2.0 [Lt, Rt] interleaved
Sampling frequency	48kHz	48kHz
Bit depth	24bit	16bit
Dynamic Range	>18 LU	<15 LU
True Peak	-3dB	-3dB
Digital emphasis	NO	NO
Metadata	YES	YES

*All surround files are 5.0 as we do not find any particular reason for using Low Frequency Effects channel for this audience...

Original recording was made in surround at 48kHz / 24bit.

AUDIO FILE NAMING

Collection Code: code name of the Library

Example: AACH_SR_067_LA5.wav

an audio file from Concert Hall Live!, surround 5.0 file, fx number 67, laughter with applause

AUDIENCE ADD-ONS® - The Series:

The ultimate collection of real audience reactions:

AUDIENCE ADD-ONS® COMEDY Live! - THEATRE

The Sound Library comprises over 110 sound effects ranging from applause through standing ovation to laughter recorded in theatre auditorium – soft and selective sounds from cosy premises offer soft close-ups and a short reverb effect. The reactions of an audience of 600 guests were recorded during a two hour performance.

AUDIENCE ADD-ONS® COMEDY Live! - OPERA

The Sound Library comprises over 100 sound effects ranging from applause through standing ovation to laughter recorded in opera house auditorium - a hall with distinctive ambiance, a wide shot with a noticeably stronger frontal part. The reactions of an audience of 740 guests were recorded during a three hour performance.

AUDIENCE ADD-ONS® COMEDY Live! - CONCERT HALL

The Sound Library comprises over 100 sound effects ranging from applause through standing ovation to laughter recorded in concert hall auditorium – a spacious auditorium hall with natural and dark ambiance; a wide shot and a relatively narrower surround effect. The reactions of an audience of 320 guests were recorded during a two hour performance.

AUDIENCE ADD-ONS® COMEDY Live! - STUDIO

The Sound Library comprises 186 sound effects ranging from applause through standing ovation to laughter recorded in two different TV studios during the performance of two different genres: Studio A - during a two hour show in the presence of 390 viewers and Studio B during a two hour show in the presence of 270 viewers.

AUDIENCE ADD-ONS® COMEDY Live! - TV SHOW

The Sound Library comprises over 150 sound effects ranging from applause through standing ovation to laughter recorded in a TV studio during a three hour show. The audience of 450 guests whose reaction is as vivid as it is natural offers a perfect material for any performance with a dynamic sequence of events. Available in 2.0 only.

AUDIENCE ADD-ONS® COMEDY Live! - APPLAUSE

The Sound Bundle comprises over 100 applause and ovation sound effects extracted from Audience Add-Ons Theatre, Opera, Concert Hall and Studio Libraries. Five distinct venues, five different audiences – the Sound Library ideal for any type of event where applause and ovation are key factors!

AUDIENCE ADD-ONS® COMEDY Live!

The Sound Bundle comprises three different libraries:

AUDIENCE ADD-ONS® COMEDY Live! - OPERA
AUDIENCE ADD-ONS® COMEDY Live! - THEATRE
AUDIENCE ADD-ONS® COMEDY Live! - CONCERT HALL

AUDIENCE ADD-ONS® COMEDY Live! COMPLETE

The Sound Collection comprises six different libraries:

AUDIENCE ADD-ONS® COMEDY Live! - OPERA
AUDIENCE ADD-ONS® COMEDY Live! - THEATRE
AUDIENCE ADD-ONS® COMEDY Live! - CONCERT HALL
AUDIENCE ADD-ONS® COMEDY Live! - STUDIO
AUDIENCE ADD-ONS® COMEDY Live! - TV SHOW
AUDIENCE ADD-ONS® COMEDY Live! - APPLAUSE
