| TV | filtered and EQed 48kHz/24bit .wav file with controlled dynamic range, ready for your timeline! |

SOUNDFX.ONLINE

We have been tailoring Music and Sound Effects for Film, TV, Radio and Games for well over two decades. The ultimate quality comes from our passion for the surround.

Developing sound space requires long hours of intensive work, superimposing layers, editing and cutting events that make up a sonic picture of the set where things are about to happen. Perfect sound sources are the key to great atmos and scenes.
